YOU'VE DISCOVERED MOTHER NATURE'S PLAYGROUND HERE ON THE EASTERN SHORE OF VIRGINIA, THE LONGEST STRETCH OF NATURAL COASTLINE REMAINING ON THE EAST COAST.

- Channel your inner "eagle" at the new Eastern Shore hang gliding facility, no experience needed. How about some kiteboarding and parasailing fun?
- Sunset Cruises are a specialty from Cape Charles to Chincoteague. A world away is our chain of deserted islands and eco-tour guides can take you by boat or kayak.
- No fish tales needed when casting here. Charters available in Wachapreague and other seaside/bayside towns. Surf fishing, try Chincoteague National Wildlife Refuge beaches. Fishing pier sites include Kiptopeke State Park, Cape Charles, and Saxis.
- Birding is the best on our hemispherically crucial migratory flyway. Refuges, parks, and our county roads offer great vantage points. Observe bird Banding from mid Aug -Nov. at Kiptopeke State Park.
- Hike/bike nature trails at Chincoteague and Eastern Shore National Wildlife Refuges, Kiptopeke State Park or quiet Seaside Road that runs up our 70 mile peninsula.

See listings for more info. When here visit the Eastern Shore of Virginia Welcome Center at the Chesapeake Bay Bridge Tunnel's northern entrance—east side Rt. 13.
