

## UNPLUG FOR FAMILY FUN

### AUNT BEA WOULD APPROVE.

The Mayberry-like town of Cape Charles is a family friendly destination. Picnics on the beach, entertainment at the Palace Theater, boat tours and a town museum. Even kayak tours that can teach your clan how to clam [and steam 'em up!] while seeking out wildlife on serene waters.

**"MA, I WANNA PONY!"** That request can be met on Chincoteague Island, a place that harkens to the seaside resorts of old where kids, parents and grandparents made memories. The home of wild ponies made famous by the 1947 book *Misty of Chincoteague*, still captivate children today. No need to wait for the legendary Pony Swim, scope out the ponies year round on the Chincoteague National Wildlife Refuge where the beach is pristine. Other attractions; the 1867 Assateague Lighthouse, Herbert Bateman Center, cozy museums, bike trails, boat tours, miniature golf, the list goes on.

### GATHER AROUND THE CAMPFIRE.

The Shore has a variety of campgrounds tucked along the scenic waters of the bay and sea. Fun in the sun activities range from swimming and fishing to paddle boats and dolphin cruises. Lodging options include deluxe cabins, RV hook-ups and tent sites. [See listings for more info]
